MINIMUM ORDER	STANDARD LEAD TIME	MAX PRINT AREA	COLORS, ONE PASS
288 PIECES	7 TO 10 DAYS	20 BY 28 IN	UP TO 18

ROUTE A - CONTRACT PRINT

YOU SUPPLY BLANKS · WE RUN THE LINE

Your counted blanks enter press ready. We decorate, finish and pack to your spec, then return the run counted out the way it came in.

INK SYSTEMS

Plastisol, water based and discharge, plus **high density, puff, foil, metallic, gel, suede, crackle, reflective and glow**. Every ink runs lead free and phthalate free. Send a Pantone reference and we mix to it.

ART & SEPARATIONS

Send the art you have. **Separations are built in house**, including simulated process for photoreal work.

NOTHING PRINTS BLIND

You approve a **digital proof**, then a **live sample off the press**. Only then does the run start.

ROUTE B - FULL PACKAGE

END TO END · WE OWN THE RUN

We source the blanks, decorate, finish, warehouse the inventory and distribute the program. You approve the proof and sell the product.

FINISHING & FULFILLMENT

Relabel, fold and polybag, hang tags and tickets, retail compliant packing, warehousing and **blind ship** distribution. Your customer only ever sees your brand.

SOURCING NETWORK

Buying reach across the **US, Mexico, Honduras, Indonesia and Pakistan**. The specification, the proof and the count stay in Phoenix.

QUOTES

Answered same day, by a real person, on this floor. Rush windows quoted per run.
